

Long Reach Tree Shears

Cut AND clear
all in one attachment

Largest cylinder on
the market providing
72,000 lb of
working force

The Sidney Attachments Long Reach Tree Shear will optimize your land clearing projects, from the hard to reach tree limbs to removing larger sized trees at the base. The state of the art blade combined with the strongest cylinder on the market makes this a highly versatile attachment.

The Long Reach Tree Shear comes standard with a 90 degree hydraulic rotating head, universal quick attach coupler and flat faced hydraulic couplers. Custom tractor or excavator hitch builds are available upon request.

FEATURES

- **NEW HEIGHTS:** reach higher with a 7 foot extended reach for hard to cut limbs
- **QUICK CUTS:** improved blade design slices instead of cuts, reducing wear on blade for a prolonged life span
- **ALL ANGLES:** standard rotating head allows for cuts at any angle for greater versatility
- **SHEAR POWER:** contains the Industry's largest hydraulic cylinder for tree cutting confidence
